E-books: New, Updated, and Removed
June 2022

New e-book packages

**Access Neurology**

Access Neurology can help students excel in their clerkship; assist residents in strengthening their skills with instant access to procedural videos, self-assessment, and leading neurology textbooks that will establish a solid base for learning; and allow practicing neurologists to reinforce their medical knowledge for recertification.

**SAGE research methods**

SAGE Research Methods is the ultimate methods library with more than 1000 books, reference works, journal articles, and instructional videos by world-leading academics from across the social sciences, including the largest collection of qualitative methods books available online from any scholarly publisher. The site is designed to guide users to the content they need to learn a little or a lot about their method.
